PROFILE

SEO strategist, 15 years. I get brands cited in AI search (Google AI Overviews, ChatGPT, Perplexity) and build the automation that does it at scale.

Currently lead AI-visibility across a 13-client agency book while running a 44-site portfolio and Hermes, my production autonomous SEO agent. Came up through 12 years of B2B sales, so I think in revenue, not rankings.

- > Shipped programmatic sites at 14,400 / 12,600 / 4,700 pages on Astro 5 and Cloudflare.
